

Field Trip Chaperone and Driver Agreement

Our goal is for every St. Catherine student to learn from and enjoy the field trip experience. The first priority for chaperones and drivers must be for the personal safety of each student in his/her assigned group. In order to be eligible to participate, we ask all drivers and chaperones to read and sign the following agreement.

I will...

- ensure all passengers wear a seatbelt at all times (no sharing), including students who need to use booster seats
- ensure no student is allowed to ride in the front seat
- follow all traffic and road laws/postings
- not use a cell phone while driving or supervising students on the trip (exceptions for emergencies only)
- keep student emergency forms and necessary medications with me at all times
- not make any unscheduled stops during the trip
- supervise students in my assigned group at all times and ensure they follow directions and behave appropriately; notify the teacher of any concerns/issues
- escort students into the school and check in with the office upon return; ensure the teacher is present before leaving my group
- enjoy the field trip!
